PROFESSIONAL SUMMARY

Software Engineer with over 6 years of experience in the software development lifecycle. Proven expertise in **Android mobile development (Kotlin/Java)**, **IoT integration**, and **Cloud-based Backend systems (AWS/Python)**. Strong background in Clean Architecture and **AI/Machine Learning algorithms** for logistics and energy sectors.
Aiming to transition into Engineering Management or Product Owner roles, leveraging a strong background in defining roadmaps, mentoring peers, and delivering scalable solutions.
Open to remote roles or relocation.

TECHNICAL SKILLS

- **Management & Product:** Product Lifecycle Management, Roadmap Planning, Technical Leadership, KPI Definition
- **Languages:** Python, Java, Kotlin, SQL, NoSQL, Bash/Shell, JavaScript
- **Frontend:** React.js, Alpine.js, TailwindCSS, HTML5, CSS3
- **Backend & Web:** OpenERP/Odoo, Doctrine ORM, DDD, Clean Architecture, REST APIs
- **Cloud & DevOps:** AWS (EC2, S3), Docker, Linux Administration, Git (Advanced)
- **CI/CD & Testing:** Jenkins & GitHub Actions (Pipeline usage), JUnit (Java), Mamba (Python BDD)
- **Databases:** PostgreSQL, MySQL, ORacle, MongoDB, Redis
- **Tools & Methods:** Trello, Scrum/Agile

PROFESSIONAL EXPERIENCE

STUDENTAN.COM (AI) — Remote (Geneva based)

Full Stack Developer (Freelance) | April 2025 – Present

- **Took full ownership** of an existing web platform, refactoring the codebase to improve performance and stability
- **Redesigned** components using **PHP** and **Domain-Driven Design (DDD)** principles, making the code easier to maintain and scale
- Improved the frontend interface using **Alpine.js** and **TailwindCSS**, resulting in a faster and more responsive user experience
- Ensured robust code versioning and deployment workflows using **Git**

GISCE-TI SL — Girona, Spain

Software Engineer | Dec 2021 – Present

- **Led the management and development** of a native **Android application (Kotlin & Java)** used to process **hundreds of electricity meter readings monthly** via Bluetooth and USB
- **Managed client expectations**, translating business needs into technical user stories and acceptance criteria
- **Significantly reduced human error** by automating manual reading processes for field technicians
- **Ensured mobile code reliability** through unit testing with **JUnit**, minimizing production bugs
- Developed custom modules for the **OpenERP solution using Python**, automating internal processes for the electricity industry
- **Integrated MongoDB and Redis** into the ERP ecosystem to enable **real-time data management**, ensuring efficient processing of high-volume meter readings
- Collaborated in an Agile environment using **Trello** for task management and tracking

GLAM SOFTWARE **Girona, Spain**

Software Engineering Intern | Feb 2021 – May 2021

- **Developed and enhanced user interfaces** for both the corporate website and the internal ERP/CRM system using **React.js**
- **Optimized database performance** by analyzing and refactoring complex queries in **SQL and NoSQL** environments, reducing data retrieval times

NEWRONIA SL **Girona, Spain**

Software Developer | Nov 2016 – Dec 2019

- Developed an **Android (Java)** application for indoor geolocation, using GPS and Wi-Fi signals to track devices inside buildings
- Led the end-to-end product delivery, from initial requirement gathering with clients to final production rollout and user training
- **Deployed a route calculation engine on AWS**, processing uploaded instruction files to generate optimized logistics plans for a fleet of **50+ trucks**
- Improved logistics efficiency by implementing **AI-driven solutions** using **Java and Python**, utilizing **Shell scripting** for server automation
- Applied **Mamba** for Python testing to validate algorithm behaviors and ensure route accuracy

EDUCATION

Bachelor's Degree in Computer Engineering (Grade: 8.75/10) **2017 – 2021**

Universitat de Girona

HNC in Multiplatform App Development (Grade: 9.25/10) **2015 – 2017**

IES Rafael Campalans

VET in Microcomputer Systems and Networks (Grade: 9.75/10) **2013 – 2015**

IES Rafael Campalans

LANGUAGES

Spanish & Catalan: Native | **English:** B2.2 (Professional) | **French:** B1 (Intermediate)
